

## 2022 PGA Show Health & Safety- Media Mask Guidance

## **General Information**

- 1. Please familiarize yourself with our <u>PGA Show Health & Safety Guidelines</u>, including, but not limited to, daily health monitoring, required approved face coverings, and sanitization and hygiene.
- 2. No outside food or drinks are allowed in PGA Show media interview rooms.
- 3. AV equipment will be cleaned and disinfected between sessions.
- 4. All high-touch areas (i.e., tables, chairs, podium, door handles and trash cans) will be wiped down regularly.
- 5. Hand sanitizer and sanitizing wipes will be available at PGA Show media interview rooms.
- 6. Safety Ambassadors will be present to assist with implementation of the Health & Safety Guidelines.

## **Guidelines and Procedures for Presenters and Interviews**

- 1. All presenters/interviewers should wear an approved face covering when they are not actively presenting.
- 2. The media interview rooms will be set up to promote physical distancing between speakers and panelists physical distance should be maintained during any presentation or interview.
- 3. Speakers should remain 6 feet away from participants during a presentation or press conference.
- 4. Approved face coverings are recommended during interviews, media and filming opportunities. If all active participants in an interview/media opportunity have agreed to remove face coverings for filming or photographs, the parties are asked to minimize the amount of time without face coverings and otherwise follow all other Health & Safety Guidelines.
